

**78TH ANNUAL MEETING – LE CENTRE SHERATON HOTEL
MONTREAL, QC JUNE 1 – 3, 2024**

Version: June 1

DAY 1 Sat Sat06/01/24	BALLROOM WEST OPENING SESSION	
07:00 – 07:30	BREAKFAST Exhibits Area	
07:30 – 07:50	<i>National Anthem 🇩🇪 Opening Remarks – President, Dr. Hadi Seikaly, Edmonton, AB & Scientific Program Chair, Dr. Yvonne Chan, Toronto, ON</i>	2024 ANNUAL MEETING OVERALL LEARNING OBJECTIVES
07:50 – 07:55	<i>Introduction of the Guest of Honour, Dr. Issam Saliba, Montréal, QC – H. Seikaly, Edmonton, AB</i>	This meeting will provide participants in the specialty of Otolaryngology – Head and Neck Surgery (both practicing community and academic surgeons as well as trainees) a significant opportunity to attend sessions of interest and acquire further understanding and knowledge in areas of perceived / unperceived needs in the specialty.
07:55 – 08:05	<i>Presentation – I. Saliba, Montréal, QC</i>	All subspecialties of otolaryngology, including head & neck oncology, laryngology, rhinology, otology, neurotology, pediatric otolaryngology, facial plastic and reconstructive surgery, general otolaryngology, sleep disorders, and medical education, will be well represented in the program.
08:05 – 08:10	<i>Introduction of the Lifetime Achievement Award Recipient, Dr. Jeffrey Harris, Edmonton, AB – H. Seikaly, Edmonton, AB</i>	
08:10 – 08:20	<i>Presentation – J. Harris, Edmonton, AB</i>	We will run an unprecedented five concurrent sessions of workshops and podium presentations along with several special sessions for medical students and residents over two and a half days. This will provide delegates with a great variety of learning opportunities. As always, there will be ample time allotted for enhanced dialogue and discussion with the various presenters. In keeping with the theme of this year’s meeting “Shaping future ENT care: technology transforming tomorrow’s treatment”, guest speakers will present their areas of expertise through plenary talks and workshops. All sessions will give learners practical and adoptable knowledge easily implementable at their home practices. This year’s program will include workshops and presentations for both the community-based and the academic surgeons such as popular updates on a variety of topics such as the use of artificial intelligence in otolaryngology, ototoxicity and the otolaryngologists, oropharyngeal dysphagia, biologics management for nasal polyps and tips and tricks in rhinoplasty surgeries.
08:20 – 08:25	<i>Introduction of Dr. Carol Bradford, Columbus, ON – M.J. Olivier, Montréal, QC</i>	
08:25 – 09:05	<i>Paths to Leadership in Academia – C. Bradford, Columbus, OH</i>
